## **Brown & Toland Supports 2008 AIDS Walk San Francisco**

SAN FRANCISCO, CALIF. (July 11, 2008) Brown & Toland Medical Group is a sponsor of the 2008 AIDS Walk San Francisco, to be held at 9 a.m. on Sunday, July 20<sup>th</sup> at Sharon Meadow in Golden Gate Park.

Benefiting the San Francisco AIDS Foundation and other HIV/AIDS programs and services in the Bay Area, AIDS Walk San Francisco is a key fundraising community event that draws thousands of community activists, corporations, and people living with HIV/AIDS.

In 2007, 25,000 walkers raised a record-breaking \$4.65 million, to support efforts on HIV/AIDS policy advocacy, research on treatment, and prevention education. The 10K (6.2 miles) walk will kick off at Golden Gate Park in Sharon Meadow. As a community supporter, Brown & Toland is participating as an event sponsor and walking as a team.

Brown & Toland offers a comprehensive HIV Management Program to its members as an added value to enhance their HIV care experience. The program addresses the unique health care needs of members living with HIV through a series of wide-ranging services. The program includes education on current HIV therapies, medication monitoring and side-effects management, health benefits assistance, and referrals to community resources.

For more information about the AIDS Walk please visit [www.aidswalk.net/sanfran](http://www.aidswalk.net/sanfran). To learn more about Brown & Toland's HIV Management Program, contact HIV clinical specialist Grace Moore at [gmoore@btmg.com](mailto:gmoore@btmg.com), or call 415.972.4246.

Brown & Toland Medical Group's 1,500 physicians care for close to 190,000 HMO and approximately 100,000 PPO patients. Brown & Toland receives numerous awards for its medical excellence and preventative health care services. For more about Brown & Toland, visit [www.browntoland.com](http://www.browntoland.com).
